## 5. Old Business

- a) Pre-Primary / Primary Registration for 2023-2024 school year
- b) Out of Area Process for Pre-Primary Principals will now be approving, or denying, OOA requests in consultation with the school's Pre-Primary Supervisor and/or the Pre-Primary Manager if adequate accommodation is available.
- c) Word Work kits a team of teachers/admin are building word work kits so that every student in the school has their own set of magnetic letters and a magnetic whiteboard/marker. These tools will be used to support the UFLI program each day.
- d) Core Phonics Survey
- e) <u>UFLI</u> Resource (P-5) we are currently trialling the UFLI lessons, which support phonological awareness development. Our goal is to have daily lessons in every classroom in September.
- f) P-2 Reading Data: Paula shared the data and the progress that we've made with our P-5 reading data. We currently have all students in primary who are meeting, except one who is approaching benchmarks. All but 4 students in grade 1 are meeting. In grade 2, 19/26 students are meeting or approaching. This is up from 7/27 in September.

## 6. New Business

a) SSP - Goals and Strategies for 2023-2024

**Literacy**: We will improve achievement in literacy for each of our students, with a specific focus on our students of African and/or Mi'kmaw/Indigenous ancestry.

As we begin the school year, we are focussed on:

- Completing a Core Phonics Survey on each student form grades primary to 5 to identify areas of strength and challenge
- Daily explicit phonics instruction using the Scope and Sequence for each grade level to determine a starting point (for grades primary-2). In grades 3-5, teachers will determine the starting point based on the CPS.

**Math**: We will improve achievement in mathematics for each of our students, with a specific focus on our students of African and/or Mi'kmaw/Indigenous ancestry.

All classes are dedicating time daily to intentional whole class or small-group guided instruction around number sense and computational fluency.

**Well-Being**: We will improve well-being at our school for each of our students, with a specific focus on our students of African and/or Mi'kmaw/Indigenous ancestry.

As we begin the school year, we are focussed on:

- Getting to know our students and their families
- Knowing students as they are known
- Learning about their lived experiences and communities
- b) Drop off/Pick up Safety At our May meeting, Brendan Maguire explained that the small parking area next to the school is likely Crown land but he would investigate with the Department of Transportation and/or the Department of Education to determine the owner of the land and to see if we could get it assigned as a parking overage area for the school to use. Update: Brendan was not in attendance, therefore we were unable to receive an update on the land ownership issue. The SAC discussed ways to support pre-primary families during drop off so that they are not parked in the loop for extended periods of time.
- c) Student Support Plan Paula reviewed the plan that we have established, as a staff, to support students who require additional support in guided reading, phonics, guided math, assistive technology, resource and learning centre.
- d) Enrollment Updates 159 total students from PP to 5.
- e) SAC Membership changes (Andrea Holley staff; Alexis Kunz chair)
- f) 2023-2024 Configurations no changes from June 2023.
- g) Staffing Updates changes since June: Jill Horsman (EPA), Kristy Pippy (EPA), Sarah Cowans (School Social Worker)
- h) P-2 Reading Data Updates Paula reviewed the most recent P-2 reading data.
- i) 23-24 SAC Funding Paula explained that although we do not usually receive SAC funding until December, we are expecting to receive this funding again this year. It will likely be \$5000 plus \$1 for each student, which is used to support our Student Success Plan implementation.
- 7. Next meeting date: Wednesday, November 1, 2023
- 8. Adjournment 6:40pm
